METRIC F.R.

DESCRIPTION

Metric is a tightly woven semi-transparent curtain fabric with a sustainable footprint. Metric has a woven graphic pattern with contrasting colors. Which gives the fabric an industrial edge. To produce Metric, used plastic PET bottles are collected and transformed into reusable polyester filaments. This process is significantly more energy-efficient than for virgin polyester and reduces the use of natural resources. Metric is available in 2 inspiring color combinations.

AVAILABLE COLORS

12. DESERT

10. SISAL

SPECIFICATIONS

Height/width	315 cm
Colors	2 colors
Composition	100% polyester (20% recycled)
Weight gr/m1	441
