FLAMONDO F.R.

DESCRIPTION

Flamondo is a supple textured curtain fabric made from 100% recycled polyester. It has a sophisticated structure on the front and a more even appearance on the back. This way the double-faced fabric can be used on both sides for two different looks. Flamondo is a versatile fabric suitable for any interior and ideal for the project market. It is flame retardant and features a wide colour palette of 24 colours.
